

**user's manual**

K100 Travel Edition detector uses US military technology, built-in 3D omnidirectional sensor chip, the sensitivity of the device is greatly improved, the sound The combined light alarm function is more precise and efficient, product setting one button In addition to the alarm alert function, a new LED infrared laser scanner has been added. Tracing technology can effectively kill pinhole camera, wired or wireless stealing The violation of personal privacy by the products.

The product has a wide range of applications, for travel, hotel accommodation, baggage supervision, anti-lost and anti-theft of valuables, etc. protection. The design is based on a simple atmosphere, and the specifications are small and easy, portable and powerful, easy to operate. Therefore, K100 is your intimate product for traveling.

- Panel and function: as shown
- ① alarm light circle (red and blue lights flash alternately)
  - ② USB charging port
  - ③ power toggle switch
  - ④ alarm speakers
  - ⑤ windows, dial
  - ⑥ one-button alarm reminder switch
  - ⑦ infrared scanning switch

**Instructions for use:**

\* Alarm reminder function: turn on the toggle power switch, press the alarm report the prompt switch, the corresponding red indicator light above the button is on, indicates that the work is normal. After about five seconds, the red indicator light is on, at this time the detector alarm prompt the security status, slight touch, detector alarm and positional changes will touch Send an alarm (alarm prompts are presented in a combination of sound and light)

**Special note:** Touching the alarm function within five seconds will not touch or vibrate. The alarm will be turned on until five seconds. prompt turn on When the time is reported, the alarm sound automatically stops after 15 seconds, and then stops after the stop Enter the alarm prompt standby state. When the alarm is triggered again, the device will adopt the pinhole camera, wired or wireless infrared scan switch, corresponding red indicator above the button With the LED light bead on the back into the synchronous flashing state, you can sweep in a fixed range from a window through a special filter lens. Trace, if the red reflective strip to determine whether frequency can be frequency adjustment requires hidden step. Then long press the infrared scan switch and let go, the flashing frequency will be slow Fasten the cycle and flicker, adjust to your comfortable scanning frequency and loosen scan off by turning off the switch.

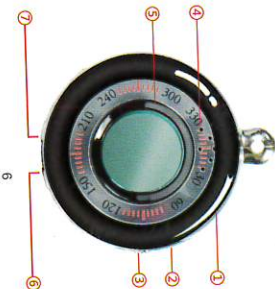

\* Scope of application: when you go out camping, you Hotel accommodation alarm alert function. The scanning of the sneak shot products in the hotel behind the door or at the tent side is excluded. Baggage and mobile phone in public places such as airports, stations, restaurants, etc. on valuables such as from being lost, solution of sound and light alarms can value. The elderly who are incompetent to move, car 1 speak the situation Rescue (remind nearby people for help) design intimate. Products vary from person to person and have a wide range of applications.

\* Product parameters: Weight: 70g  
Size: 120x65x33mm Battery capacity: 130mA  
Material: ABS plastic Working current: 30mA Continuous operation: 6-8 hours  
Charging time: 1-2 hours

**取扱説明書**

K100 Travel Edition検知器は米軍用技術、内蔵3Dを使用を方向センサーチップ、チキンスの感度が大幅に改善された、音視覚警報機能はより正確で効率的です。製品設定ワンボタン警報機能は自動的に加えられ、追跡赤外線検知レーザーセンサーが追加されました。追跡技術は、効果的にピンホールカメラ、有線または無線の盗を殺すことができます。製品による個人のプライバシーの侵害。製品には幅広い用途があります。旅行、ホテル前泊、手荷物の監視、貴重品の紛失防止および盗難防止など保護センサーです。持ち運びに便利で、操作が簡単です。したがって、K100は旅行のためのあなたの親密な製品です。

- パネルと機能: 図のように
- ① 警告灯円 (赤と青のライトが交互に点滅)
  - ② USB充電ポート
  - ③ 電源トグルスイッチ
  - ④ 警報スピーカー
  - ⑤ 窓、ダイヤル
  - ⑥ ワンボタンアラームリマインダースイッチ
  - ⑦ 赤外線スキャンスイッチ

**使用方法:**

\*アラーム機能: トグル電源スイッチをオンにし、アラームボタンを押し、対応する赤いLEDライトを報告すると、5秒間の点滅があることを示します。約5秒後、赤いLEDライトの点滅が自動的に加えられます。追跡赤外線検知レーザーセンサーが追加されました。追跡技術は、効果的にピンホールカメラ、有線または無線の盗を殺すことができます。製品による個人のプライバシーの侵害。製品には幅広い用途があります。旅行、ホテル前泊、手荷物の監視、貴重品の紛失防止および盗難防止など保護センサーです。持ち運びに便利で、操作が簡単です。したがって、K100は旅行のためのあなたの親密な製品です。

\*適用範囲: キャンプに出ると、警報機能 Hotel accommodation alarm alert function. The scanning of the sneak shot products in the hotel behind the door or at the tent side is excluded.
